Summary

Data Analyst with 2+ years of experience in Excel, SQL, Power BI, Python, Google Sheets, and automation. Skilled in data cleaning, dashboard development, reporting automation, and business analysis. Experienced in transforming raw data into actionable insights through interactive dashboards and automated workflows that improve operational efficiency and support data-driven decision-making. Currently expanding expertise in Microsoft Fabric, including Lakehouse, OneLake, and Data Warehouse, to build scalable enterprise data solutions.

Technical Skills

Languages and DataBases: SQL, Google Sheets, Apps Script, Python, APIs, Pandas, Numpy

Microsoft Data Stack: Power BI, Microsoft Fabric, Power Query, DAX, Data Modeling, OneLake, Data Warehouse

Visualization Tools: Power BI, Zoho Analytics, Google Looker Studio

Analytics Skills: Advanced Excel, Power Query Business Analysis, Data Analysis, DBMS

Experience

BankBenchers

August 2025 – Present

Data Analyst

Vadodara,

- Developed and maintained interactive Power BI dashboards for banking and loan analytics, enabling real-time business reporting.
- Wrote optimized **SQL queries** for data extraction, validation, transformation, and reporting.
- Built Python APIs to automate data integration for **Power BI** dashboards and enterprise reporting solutions.
- Worked with Power Query for data transformation and preparing datasets for business intelligence reporting.
- Gained exposure to **Microsoft Fabric** concepts including Lakehouse, **OneLake**, and Data Warehouse while exploring modern Microsoft data platform solutions.
- Built an **AI-powered FAQ chatbot** using HTML, CSS, JavaScript, and APIs for the EKCC Loan Portal.
- Supported banking data analysis and digital lending workflows by improving data quality and reporting efficiency.

Web India Inc

July 2024 – July 2025

Data Analyst

Ahmedabad,

- Automated end-to-end business workflows using **Google Sheets** and **Google Apps Script**, reducing manual effort by over **80%** and improving operational efficiency.
- Imported, transformed, and validated business data in **Zoho Analytics** using **SQL** and custom queries to build interactive reports and dashboards.
- Designed and developed interactive **Power BI** and **Google Looker Studio** dashboards for real-time KPI monitoring, business reporting, and data-driven decision-making.
- Automated reporting, data validation, email notifications, and workflow processes using **Google Apps Script**, improving reporting accuracy and team productivity.
- Collaborated with cross-functional teams to analyze business requirements and deliver data-driven automation solutions, enabling faster reporting and better business insights.

Projects & Achievements

EISENHOWER MATRIX- TASK MANAGEMENT SYSTEM

February 2024

- Developed a live task management system using **Google Sheets** and **Google Apps Script** to automate task categorization based on urgency and importance.
- Designed interactive **Google Looker Studio dashboards** to monitor employee productivity, task distribution, and performance using dynamic filters and visual insights.

CRICKET DATA ANALYSIS

August 2024

- Analyzed ICC T20 World Cup 2022 data using Python, Pandas, web scraping, SQL, and Power BI to uncover player performance insights through interactive dashboards and visualizations.

DIGITAL MUSIC STORE ANALYSIS

September 2024

- Used SQL to analyze customer behavior, sales performance, and purchase trends by writing complex queries involving JOINS, GROUP BY, CTEs, and Window Functions to solve business problems.

ANNUAL SALES ANALYSIS DASHBOARD

September 2024

- Built an interactive Excel dashboard using Pivot Tables, Power Query, Pivot Charts, and advanced Excel functions to analyze annual sales performance and support business decision-making.

Certification

- **SQL (Intermediate),**
HackerRank- Credential ID-510CF5929DE7
 - **Deloitte Australia Simulation,**
Forage- Credential ID-w9j2KKpErMN6mtoDL
 - **PYTHON PROJECT FOR DATA SCIENCE,**
Coursera Certificate by IBM
- Jul 2025

Feb 2025

July 2023

Education

L J INSTITUTE OF TECHNOLOGY (GTU)	August 2020 - June 2024
Bachelor of Engineering in Information Technology (CGPA: 8.55)	Ahmedabad, Gujarat
Ascent School of Science (GSEB)	April 2019 - July 2020
12th -Science Technical Skills	Palanpur, Gujarat
